Memorandum for the Record:

The Subject of [] was a social contact of a CIA staffer assigned to Budapest 1952-57. The question of subject's possible connection with the Hungarian intelligence service has not been definitely resolved, but in the light of our knowledge of AVH modus operandi, i.e. facts expressed from debriefing two former AVH staff officers [] and [] and an AVH agent [] whose assigned target was the U.S. Legation in Budapest, plus reports received from the U.S. Legation since 1951, it is most likely that the Subject of this [] was and will remain under AVH control as long as he was or remains in contact with a member of the U.S. Legation staff in Budapest. It is therefore recommended that no action be taken with regard to the Subject of this [] at prior consultation with the CE section of the ER/Hungarian desk.
